Supplement Facts

Fortifying the body to recognise and destroy germs and microorganisms. Immune +++ offer is a triple defence formula.

1. **Opti-shield blend** – polysaccharide complex. This complex increase the number of T, B, NK cells and increases the potency of the NK cells, considered the immune systems front line defence against the most dangerous pathogens and bacteria. These are what we know as white blood cells that engulf and destroy foreign organism that enter the body. This blend also includes 3 types of mushrooms that are known for their anti-bacterial and anti-viral properties.
2. **Life-C blend** – a strong and pure form of Vitamin C with a unique delivery system, which enables it to enter the body faster and stay longer, it has the added benefit of being anti-inflammation.
3. **Herb and Botanical Blend** – a mixture of 5 natural immune boosting sources that are rich in Vitamin C which helps protect against infection, strengthens immunity and has anti-inflammatory benefits.

The Enteric coating also means that Immune +++ can withstand acidic stomach conditions allowing it to reach the small intestine for maximum absorption. This means it makes Immune +++ rapidly available for use by the body, helps avoid stomach upsets and eliminates unpleasant aftertaste.
